Spring Skincare Tips: Get That Spring Glow!

By Jo Barrial – Master Esthetician

Spring means resetting your skin after winter and prepping for the summer days to come. Use these steps to get your skin in shape for the spring weather change:

- Exfoliate

2 to 3 times a week. This helps to remove dead skin from the skin structure giving you a brighter, more vibrant texture.

- Vitamin C

Use in the morning for that "Spring Glow"! Vitamin C protects the skin from environmental damage, and plumps and hydrates the skin barrier.

- Use An Overnight Mask

We all want more hydration. Using an overnight mask is a great way to hydrate your skin and lock in some extra moisture. use 3 times per week as the last step in your nightly routine.

- SPF

Use sunscreen daily to protect from the harmful rays that cause skin cancer as well as skin aging.

Some of the products that I highly recommend for Spring skincare are:

ZO Skin Health Exfoliating Polish

Noon Skin Health Vitamin B Serum

Epionce MD Firming enriched Mask

Elta MD Sunscreen.
